NOTES:

1. Markings shall be applied such that the painted phrase can be read 'up' in the direction of travel.

2. All marking templates shall conform to those utilized by the City of Eureka Maintenance crews, and shall be approved by the Engineer prior to paint application.

3. Refer to CalTrans Standard Plans A24 for pavement markings not shown in this detail.

4. The space between words should be at least four times the height of the character (typical).

5. All thermoplastic marking material and traffic paint shall be per State Specification.
